

INTRODUCTION:

Northern New Mexico College is proud to present its 15th annual Fact Book publication. This document is compiled by the Office of Institutional Research. It contains profiles on student enrollment, degree offerings, financial data, and employees. The data in this publication is compiled using the most recent academic school year (fall, spring, and summer terms) and the most recent fall (2023) census data. All data is collected and maintained using Banner. The intent of this publication is to provide an accurate and consistent reference for use by various internal and external stakeholders. This effort intends to not only provide quick and easy access to institutional data but also to open up new ideas and questions.

If you have questions or comments regarding this publication, please feel free to contact us by email at rishi.poudyal@nmmc.edu.

Thank you

* There was a sharp decline in the number of GED students enrolled in the fall 2020 term in comparison with previous fall terms. The reason is COVID-19 related. The majority of GED students who enrolled as FTAC students were transitioned from our GED programs. Both HEP and AE programs saw drastic reductions in participants. In addition, many attainees who could have enrolled in the fall 2020 semester did not want to pursue post-secondary education online.
